Komplet jobbeskrivelse

Rockwell Automation is a global technology leader focused on helping the world's manufacturers be more productive, sustainable, and agile. With more than 28,000 employees who make the world better every day, we know we have something special. Behind our customers - amazing companies that help feed the world, provide life-saving medicine on a global scale, and focus on clean water and green mobility - our people are energized problem solvers that take pride in how the work we do changes the world for the better.

We welcome all makers, forward thinkers, and problem solvers who are looking for a place to do their best work. And if that's you we would love to have you join us!

Job Description

We are looking for an engaged and organized **Shipping Coordinator** to join our growing team! Do you have experience in logistics, shipping, and coordination? Do you succeed in a role where you are responsible for ensuring deliveries? If so, you might be the person we're looking for!

As a **Shipping Coordinator**, you will play a central role in our supply chain, responsible for planning, coordinating, and monitoring shipments of goods to our customers. You will work with both internal departments and external partners such as freight companies and suppliers.

You will report directly to the **Manager** located in Denmark, Brønderslev.

You will work with the team on-site.

Your Responsibilities:

- Plan and coordinate national and international shipments.
- Communicate with freight companies and handle transport documents (e.g., waybills and customs papers).
- Monitor the shipping process to ensure timely delivery.
- Address any issues during transport, such as delays or damages to goods.
- Optimize shipping processes to reduce costs and improve efficiency.
- Collaborate with the warehouse, customer care and procurement departments to ensure all goods are ready for shipment.

The Essentials - You Will Have:

- 3+ years of experience in shipping, logistics, or supply chain management.
- Knowledge of national and international shipping procedures and regulations.
- IT skills (experience with ERP systems is an advantage).
- Ability to work in a dynamic environment and handle multiple tasks simultaneously.
- Fluent in **Danish** and **English** (written and spoken).

The Preferred - You Might Also Have:

- Experience with customs documentation and international freight.
- Knowledge of an additional foreign language.
- Strong organizational and coordination skills.

What We Offer:

- An exciting and varied workday with a range of tasks.
- The opportunity to be an important player in our supply chain.
- Great opportunities for personal and professional development.
- An informal and dynamic workplace with dedicated colleagues.
- Annual bonus (depending on seniority)

We look forward to receiving your application (documents submitted in **English** are appreciated).

At Rockwell Automation we are dedicated to building a diverse, inclusive and authentic workplace, so if you're excited about this role but your experience doesn't align perfectly with every qualification in the job description, we encourage you to apply anyway. You may be just the right person for this or other roles.
